

# Snow College FFA field days contest Map

Please take note of the location change for some contests. To try and ease drop off locations we have grouped several contests to one area and will guide students to the appropriate locations from there. All drop-offs, beside the contests held on the North of town, can be made from 100 N. We will have signs posted as well to help with this. The range contest will meet at the stake center at 571 E 100 N and a bus will travel from there to the contest site.
